

Week beginning  
25th April 2010

When was the last time you can remember laughing so hard, you couldn't stop? What brought it on?

Welcome

Spend an extended time over coffee and refreshments as a part of the evening—not just leaving it to the end. No agenda except this...think about things that are good, fun and excellent (rather than the problems we all face –see Philippians 4v8)

**Worship**

## Word

- Why do we struggle to see fun as worship to God?

- What is the thing that you do for fun that you find the most fulfilling?

- Christians have a reputation for being 'sombre' and 'serious'. Is this a good thing or not? What are the implications of this reputation?

Read Ecclesiastes 5.

- What instructions do we have in these verses?

- Are there any bits you don't understand? What do you think they mean?

- In what ways do people 'waste' their lives?

- What are we instructed to do in v18-20? Why?

- What is the gift from God? What does this gift from God mean in your life?

Pray about the people you come into contact in your social and fun time. How can you use your leisure activity to display the goodness and glory of God to them? Review people you have been praying for over recent weeks.

**Witness**
