

The crazy little thing called

Week beginning
8th Feb 2010

Welcome

What one thing do you most wish you had known when you were 15 that you have since learnt?

Choose 2 or 3 songs from a worship cd that focus on God's love for you, seen most clearly in the cross of Jesus. Use them to reflect, sing along too or just listen and respond. Together ask God to grip you with the a renewed sense of his love for you.

Worship

One of the passages Rob Parsons referred too on Sunday was Romans 8v31-39

Read the verses and then, all together share the things these verses make you rejoice about, and the questions it leaves you with.

Word

- What are the 'wonderful things as *these*' that v31 refers too? (try looking back in the passage)
- What do you think the 'everything else' of v32 is speaking about? Does this give us a license to believe God will make us rich because he loves us?
- Why do we not have to fear condemnation if we trust Jesus?
- What is the thing that you most worry about that makes you feel like you are separated from Gods love? Are you?
- How does God want you to feel (v38)?
- God's love is not sentimental. How do these verses help us to understand what his love is like?

Continue to pray for David Sinclair, a student from Moorland College who is arriving this weekend for a 5 week placement from Feb 14th-March19th. He, with a few others, will be running a course called 'Money Secret' and also a 'find out about Christianity' course at NRDC (where we recently held 3rd Sunday). Please pray for David, and for the ministry he will be involved with. Pray also for volunteers to help him with these courses.
